

TECHNICAL DATA SHEET

AERO MPC CONTACT CLEANER

PRODUCT OVERVIEW

MPC CONTACT CLEANER is a solvent based cleaner specially for electrical and electronics products. It is suitable for cleaning electronics and electrical devices, panels and electric motors and generators. The cleaner is also ideal for use in many other industrial environments.

MPC CONTACT CLEANER contains a blend of fast evaporating solvents that leave no residue. The product therefore is ideal for cleaning electronics like computers, mobile, tabs, dynamo, self-starter's, musical instruments other electrical equipment including control panels, electric motors, electrical contacts, switches etc.

AREAS OF APPLICATION

- Marine and Oil Field Maintenance.
- Computers and electronics repair shops.
- Automobile repair Shops.
- Lifts and Escalators maintenance.

FEATURES AND BENEFITS

- **MPC CONTACT CLEANER** is a cleaner designed to remove grime, grease and dirt from all electrical instruments and devices including control panels, motors, contacts and switches.
- **MPC CONTACT CLEANER** is a highly effective, fast evaporating cleaner - dries within seconds leaving a residue free surface that will not interfere with conductivity.
- **MPC CONTACT CLEANER** Compatible with most commonly used plastics but check on small area is must.
- **MPC CONTACT CLEANER** has special valve system enabling it to be sprayed from any angle.

DIRECTIONS FOR STORAGE AND USE

- Shake well before use.
- Test compatibility with plastics and rubbers and painted or coated surfaces prior to application.
- Ensure all equipment is electrically isolated before applying **MPC CONTACT CLEANER**.
- Ensure all solvent has evaporated before reconnection.
- Highly Flammable - avoid sources of ignition.
- Apply from a distance of 10 - 15 cms.
- The aerosol can be sprayed at any angle due to new valve technology.
- The cleaning operation may be enhanced by working the solvent into the surface using a clean, dry cloth.
- For heavier contamination, reapplication may be required.
- Store below +50°C, out of direct sunlight.
- Shelf life is 2 years from date of manufacture.
- Consult safety data sheet before use.

QUICK DRYING ELECTRICAL CLEANER

| Property | Test Method | Result |
|-------------|-------------|----------------------------------|
| Appearance | Visual | Colourless liquid |
| Propellant | N/A | Propane or Nitrogen |
| Solvent | N/A | Blend of hydrocarbon and alcohol |
| Odour | N/A | Characteristic |
| Flash Point | PMCC | <0°C |

TECHNICAL DATA SHEET

AERO MPC CONTANT CLEANER

| | | |
|-----------------------------------|------|-----------|
| Water Solubility | N/A | Insoluble |
| Density (kg/m³) | RTM3 | 0.72 |

HEALTH & SAFETY INFORMATION

Wear all specified PPE before use. Use in well ventilated area. Kindly refer safety data sheet for detailed information.

DISCLAIMER

The information contained in this Technical Bulletin is as up to date and correct as possible as at the time of issue. The data provided should be used as a guide only as the performance of the product will vary depending on differing operating conditions and application methods.
